- Please measure your actual body rather than over your clothes as it will give a more accurate result.
- Please compare body measurements against the size guide provided.
- Measurements shown in the size guide are reflective of body measurements and not those of the garment.
- If you measure in between two sizes please always go up a size.
- When measuring waist to hem and high shoulder to hem length please consider your footwear choice as this will effect the length.
- Garments may vary in fit depending on the style and design.
- All of our garments are designed and sized to allow for a modest fit.
